

TENDERWRITING

Helping you fill the skills gap

WELCOME

We've all been there - when we feel like we're hitting our heads against a brick wall, trying to understand why we're not seeing success from our tendering efforts. We've also thought 'wouldn't it be great if someone could write these tenders on our behalf.' Due to common requests we've had from customers, we've launched a **TENDERWRITING** service for those businesses who are either incredibly busy but understand the importance of constant development, as well as those who simply can't seem to make any progress and see any success from their efforts. We're here to help, we're happy to help and we're ready to start working with you to grow, develop and ultimately standout!

WHO WE ARE

With decades of experience, our team are procurement experts and writing professionals who can support you with the development of company and industry-specific content, portal navigation and practical management of tendering!

HOW WE WORK

We like to keep things simple. We don't create over-complicated processes which make working with us difficult. We operate a methodical yet flexible approach that is accustomed to YOUR needs! We know every tender is different and we look for the best solutions that align with those all-important deadlines.

HOW WE WORK

HOW MUCH DOES IT COST?

Every tender is different! More or less time may be needed for one over another. Each quotation we provide will be tailored to the size / scope of work needed to undergo. As mentioned, we are flexible and will write what you want us to write. This may include shared writing responsibilities between us and you! Prices start from as little as **£300 +VAT**. This also includes professional advice on how well your company is positioned to take home the gold!

FIND OUT MORE

Our team are full of writing professionals that can tackle ANY industry and maintain all core skills to drive your business forward.

We are happy to discuss our services in more depth and discuss with you our quality checks and procedures for ensuring the work you receive from us is nothing short of excellent.
