

TENDERIMPROVEMENT

Helping you to the next level

WELCOME

Are you bidding for work and not winning? Are you frustrated at the fact you aren't getting anywhere?

DON'T BE! Our **TENDERIMPROVEMENT** programme will save the day!

Our procurement experts have an extensive amount of experience at both sides of the table, ultimately providing you with the fundamental skills and the knowledge needed to succeed with tendering. Our professionals have not only produced tenders for over a decade for a whole range of clients from all sectors, but have also sat on the buyer's side, critiquing tenders and marking them against the scoring mechanisms provided.

If you're looking for that extra support with tendering, and want this delivered on a one to one basis rather than training in a group environment, then our service is perfect for you.

WHO WE ARE

With decades of experience, our team are procurement experts and writing professionals who can support you with the development of company and industry-specific content, procurement best practice and practical management of tendering!

HOW WE WORK

We like to keep things simple. We don't create over-complicated processes which make working with us difficult. We operate a methodical yet flexible approach that is accustomed to YOUR needs! We are here to improve your tendering efforts and help you grow, develop and stand out amongst your competitors.

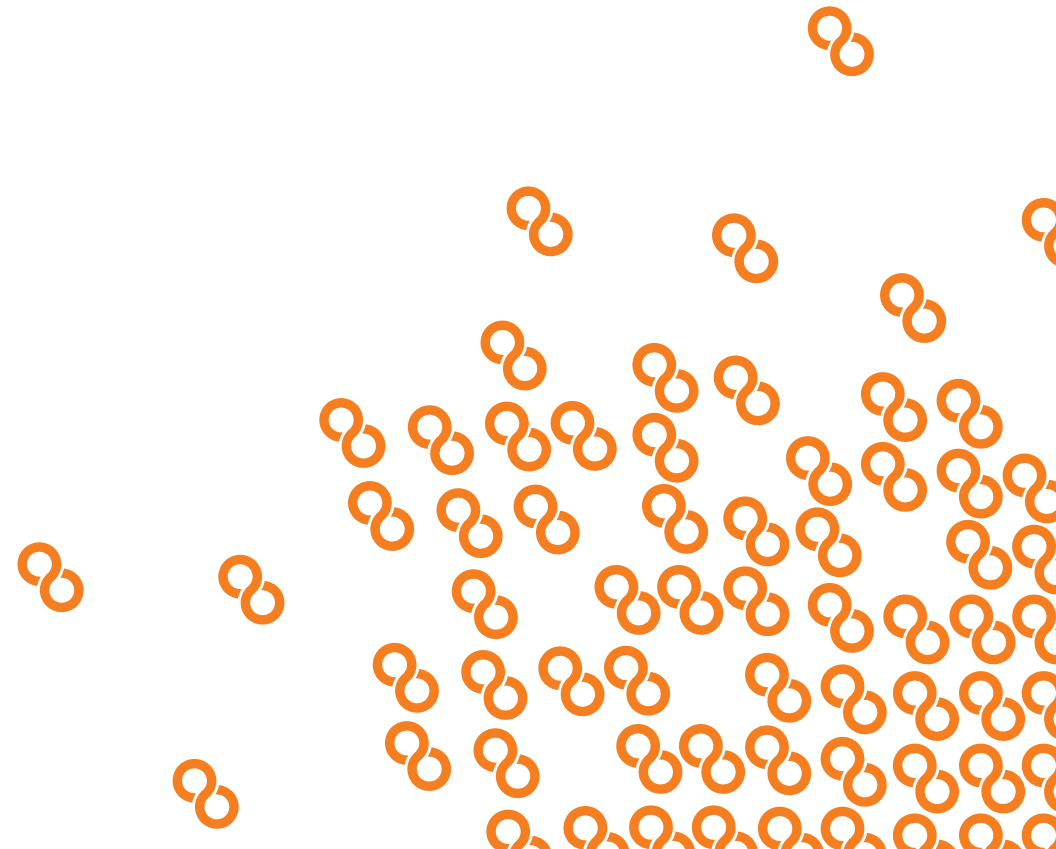

HOW WE WORK

HOW MUCH DOES IT COST?

Again, in the mindset of keeping things simple, we follow the below structure for our **TENDERIMPROVEMENT** service:

Portal Customers	£895 ^{+VAT}
Non-portal Customers	£1295 ^{+VAT}

FIND OUT MORE

Our team are full of writing professionals that can tackle ANY industry and maintain all core skills to drive your business forward.

We are happy to discuss our services in more depth and discuss with you our quality checks and procedures for ensuring the work you receive from us is nothing short of excellent.
